***Vegetarianism around the world: an encyclopaedia of beliefs,  
practices and food***

Contributions are sought for "Vegetarianism around the world: An Encyclopaedia of Beliefs, Practices and Food" to be published at the end of this year by Greenwood Press. I am particularly keen to get proposals for entries on most African countries (including North Africa), Italy, the Balkan states and South America. Entries can vary between 500-600 words to 4000-5000 words depending on the significance of vegetarian food in that country. A fee is payable for each entry.
