Presenting CRiS

Crime and Society Research Group

14\textsuperscript{th} of February (Convivium & STOA)

The goal of this part of the kickoff program is to present CRiS, its past and ongoing research, as well as its future research options. In this sense this part of the program is to give our Advisory Board and close research partners the possibility to get a more detailed look into the broad range of current research projects and meet associated researchers. Apart from the members of the Advisory Board, invited colleagues and other guests, all members of CRiS are of course invited and supposed to participate.

12.30 - 13.30 hrs: Walking buffet (Convivium)

- Sonja Snacken (Penology research and SRP)
- Els Enhuis (policing, security and urban studies)
- Jenneke Christiaens (youth studies)
- Book presentation \textit{The Pains of doing criminological research} by Kristel Beyens

15.15 – 15.30

15.30 – 17.30 hrs:

Poster session of current CRiS-research projects (in STOA)

17.30 hrs: Reception

20.00 hrs Dinner (Restaurant)
15th of February (Convivium)

The second day of our kickoff is more focused on meeting with the advisory board members in order to evaluate and/or reflect on strategic choices and developing our research opportunities, especially within the framework of our Strategic Research program.

This meeting would have a more informal character, in order to enhance discussion and exchange of ideas with members of advisory board. This concerns ZAP-members (promoters of research projects), and a delegation of researchers both pre- and post doc (on a voluntary basis).

A report of this meeting will be made and send afterwards to members of the Advisory board for possible comments or review.

9h30 – 11.30 hrs: Meeting of members of CRiS with advisory board members

  Feedback Advisory Board

  Questions from advisory board concerning our research, possibilities, opportunities, weakness, ...

  Presenting and discussing our strategic choices, possibilities and opportunities.

11.30 - 13.00 hrs: Closing lunch.
